## Revision History

# 1. Introduction

## 1.1.1 Purpose

*The problem that the vast majority of businesses face today is that more than 40% of employees tend to leave within the first year. This number is even higher for businesses that do not have a good internal training program or in other words, OJT, so we provide a website to facilitate the recruitment of interns with students. . This is a website that links students who have had an internship at FPT University and businesses. We accept Curriculum Vitae from students and offer suitable jobs within the business.*

## 1.2

"OJT Registration System" is a Web-based application about students who have entered their internships, businesses that are in need of interns and which universities want to manage their students' OJTs. Students can find jobs and businesses can find people to fill positions where businesses are short of people.

## 1.3 Definitions, Acronyms and Abbreviations

Acronym	Definition
DBMS	Database Management System
GUI	Graphical User Interface
HTTP	Hypertext Transfer Protocol
HTTPS	Hypertext Transfer Protocol Secure
N/A	Not Available
OS	Operating System
UC	Use Case
UI	User Interface
UML	Unified Modeling Language
URL	Uniform Resource Locator
UX	User Experience

## 1.4 Document Conventions

- Font family: Times New Roman,
- Font weight: Regular.f
- Font size: 11.
- Font weight heading 1: bold.
- Font size heading 1: 18.
- Font weight heading 2: bold.
- Font size heading 2: 14.

## 1.5 Project Scope

This website is for FPT students who want to find a job, universities who want to manage their internships and all businesses who want to find interns. With references

- Software requirement specification form

## 1.6 System Purpose

- SRS of Cafeteria Ordering System (by Karl Wiegers)
- Software engineering – Ninth Edition (by Ian Sommerville)

## 1.7 Checklist

Correct and Complete	<ul style="list-style-type: none"> <li>- All functional capabilities are documented.</li> <li>- Reuse of existing software or use of COTS software is fully described.</li> <li>- All adaptation requirements (e.g., geographic parameters, platform variations are identified).</li> <li>- Applicable timing, resource usage (e.g., CPU, memory, bandwidth), and associated system load requirements are identified.</li> <li>- The effect of the operating system, executive, or COTS has been factored into the performance requirements and resource budgets.</li> <li>- Applicable safety requirements are identified.</li> <li>- Applicable security requirements are identified.</li> <li>- All functional data flows are specified, including sources and destinations.</li> <li>- Inputs and outputs of each requirement are necessary and sufficient for the specified processing. Purpose of the inputs and outputs are stated.</li> <li>- Mathematical equations required as constraints on processing are given or referenced.</li> <li>- Accuracy and precision requirements are defined.</li> <li>- All software functions are considered (e.g., startup, restart, modes of operation, shutdown, normal terminations, abnormal conditions, performance monitoring and tuning).</li> </ul>
Consistent	<ul style="list-style-type: none"> <li>- All software requirements are derived from the system specification.</li> <li>- Each object is referred to by a unique name.</li> <li>- Each object is defined by one set of characteristics which are not in conflict with one another.</li> <li>- All requirements are free of logical conflicts.</li> <li>- All requirements are free of timing conflicts. f. Each requirement is specified only once.</li> </ul>

	<ul style="list-style-type: none"> <li>- Requirements do not conflict with each other.</li> <li>- SRS is consistent with interface requirements specification and higher-level specifications.</li> <li>- All data and messages are specified only once</li> </ul>
Feasible	<ul style="list-style-type: none"> <li>- Data expected from external sources exists at those sources.</li> <li>- Data sent to external destinations is expected at those destinations.</li> <li>- Requirements are achievable with available technology.</li> <li>- Necessary implementation tools are available.</li> <li>- Scope of requirements is realistic, considering software estimates, schedules, and support facility plans</li> </ul>
Meets Standards	<ul style="list-style-type: none"> <li>- Major software functions are described in relation to system operation.</li> <li>- Requirements are clearly stated and unambiguous.</li> <li>- Terminology is understandable and consistent.</li> <li>- All notation and naming conventions are defined.</li> <li>- Glossary is adequate.</li> <li>- SRS adheres to required format.</li> </ul>
Testable	<ul style="list-style-type: none"> <li>- All requirements are specified against the software</li> <li>- All requirements can be verified by some (implicit, explicit, analytical, empirical) means.</li> <li>- Test procedures can be written against all requirements, using existing or planned resources.</li> <li>- Test results can be evaluated against predetermined acceptance criteria.</li> </ul>

## 2. Overall Description

### 2.1 Product/System Perspective

This software product is ultimately for all students who want to find work or businesses who want to find interns, as there is a lot of work to do and there are quite a few scam centers nowadays, so they will need application. Moreover, creating prestige for the school and the playground makes it easy for both parties to find each other.

The product will be deployed on the website and will be accessed by all users of the product using the website. The website will be the main user interface where the user can operate all the functions offered.

Users can easily view the website using personal computers, ipads or phones, but to apply for jobs or receive interns, a login account is required. User information will be saved in the database.

### 2.2 System/Product Features

Single page web application can run on any operating system with a web browser, so users can use the website with many device options: computer, ipad, smart phone.

ĐẠI HỌC FPT

Users can easily login, find jobs, find interns and read recruitment news in the website.

## 2.3 User requirements

There are no requirements comes from end users.

## 2.4 User Classes and Characteristics

All users need to log in to the system for easy management, but guests can view the details of the job in need of an internship without logging in.

Features: The software does not require any special user characteristics. As long as you are a 6th semester student, you can log in easily after receiving your username and password via email. For businesses, it will also be easy to log in through the provided username and password after being approved by the school for cooperation..

## 2.5 Operating Environment

- Distributed database
- Client / Server system
- Operating System: any OS.
- Platform: HTML5 /CSS3 /JavaScript

## 2.6 Design and Implementation Constraints

Developers should also be careful about the privacy of users. All user data will be kept on database and necessary precautions should be taken to protect user data.

The Internet connection is a constraint for the application. Since the application fetches data from the database over the Internet, it is crucial that there is an Internet connection for the application to function.

## 2.7 Assumptions and Dependencies

Assumption user have internet connection and computer has web browser, and user also have knowledge about using it at minimum level (access, fill in field).

## 2.8 Apportioning of Requirements

## 2.9 Specific Requirements

### 2.10 Functional Requirements Specification

#### Business Rules

## 2.10.7 UC06 - Introduction of training disciplines

### 2.10.7.1 Screen Design

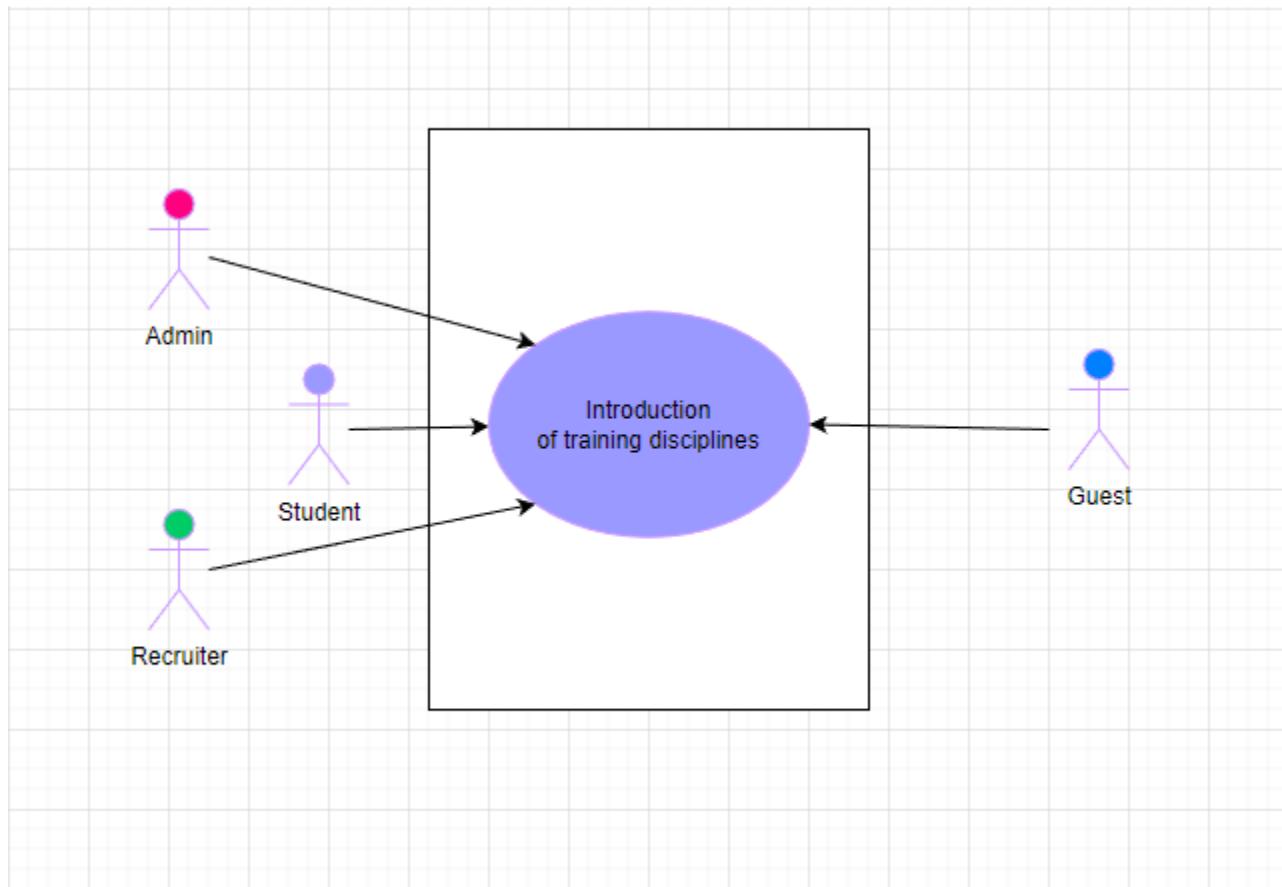

The screenshot shows the homepage of FPT University. At the top, there is a navigation bar with links: TRANG CHỦ, GIỚI THIỆU, TIN HOẠT ĐỘNG, HỌC KÝ TẠI DOANH NGHIỆP (OJT), CỘ HỘI NGHỀ NGHIỆP, CLB CỰU SINH VIÊN, HỒ SƠ ỨNG VIÊN, LIÊN HỆ. Below the navigation is a banner featuring the QS STARS logo, the FPT Education logo, and the text "PHÂN HIỆU TRƯỜNG ĐẠI HỌC FPT TẠI THÀNH PHỐ HỒ CHÍ MINH" and "CÂU LẠC BỘ CỰU SINH VIÊN - FPTU ALUMNI CLUB". There is also a search bar with the placeholder "Tim công việc ..." and a "Tim kiếm" button. The main content area features a large image of a modern multi-story building with the text "FPT UNIVERSITY" in red letters at the base. Below the image, the heading "CÁC NGÀNH ĐÀO TẠO" is displayed. A timestamp "03-11-2020 22:31 PM" is shown. On the right side, there is a sidebar with the heading "Bài viết liên quan" and a post thumbnail for "CÁC NGÀNH ĐÀO TẠO" from 03-11-2020 22:31 PM. At the bottom, there are several smaller images representing different academic programs like "QUẢN TRỊ KINH DOANH" and "KINH DOANH QUỐC TẾ".

## 2.10.14 UC13 - Introduction about the program on the job training

### 2.10.14.1 Screen Design

**GIỚI THIỆU CHƯƠNG TRÌNH OJT**

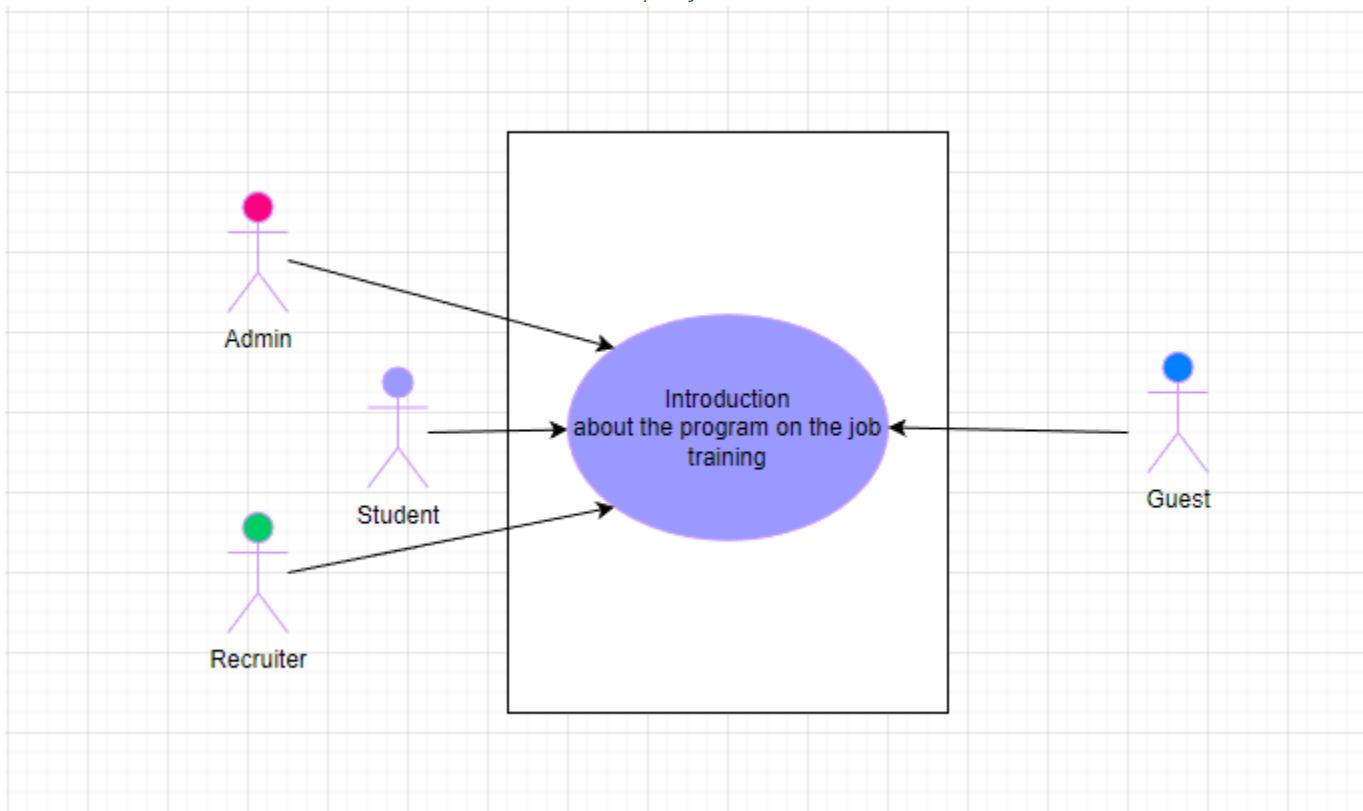

- Tên tiếng Việt: Học kỳ tại doanh nghiệp
- Tên tiếng Anh: On the Job Training (Viết tắt: OJT)
- Là một học kỳ chính khóa (Học kỳ thứ 6) mang tính bắt buộc, có đánh giá kết quả hoàn thành dành cho tất cả các sinh viên.
- Mục đích: Trang bị kiến thức và kỹ năng nghề nghiệp thực tế cho sinh viên gắn với chuyên môn được đào tạo. Sau chương trình, sinh viên sẽ hiểu hơn về đặc điểm ngành học của mình, hoàn thiện hơn về kỹ năng và có những sự chuẩn bị tốt hơn cho định hướng nghề nghiệp sau này.
- Hình thức tổ chức: Sinh viên trải nghiệm công việc thực tế tại các doanh nghiệp, được đào tạo, phân công nhiệm vụ tại các vị trí công việc gắn với ngành học chuyên môn của sinh viên, đồng thời sinh viên được thực hành, trao đổi các kỹ năng nghề nghiệp, ý thức kỷ luật lao động và văn hóa doanh nghiệp.
- Thời điểm tổ chức: Một năm có 3 đợt, tương ứng với các thời điểm: Tháng 1 (Spring), Tháng 5 (Summer) và Tháng 9 (Fall).
- Thời gian thực hiện: Mỗi đợt diễn ra trong 14 tuần. Ngoài ra, tùy vào tình hình thực tế và yêu cầu của doanh nghiệp, thời gian chương trình có thể thay đổi nhưng không晚 hơn 12 tuần.

## 2.10.17 UC16 - Register on the job training

### 2.10.17.1 Screen Design

The screenshot shows the FPTU Career Center website interface. At the top, there is a navigation bar with links: TRANG CHỦ, GIỚI THIỆU, TIN HOẠT ĐỘNG, HỌC KÌ TẠI DOANH NGHIỆP (OJT), CƠ HỘI NGHỀ NGHIỆP, CLB CỰU SINH VIÊN, HỒ SƠ ỨNG VIÊN, and LIÊN HỆ. Below the navigation bar, there is a search bar with placeholder text "Tim kiếm việc làm, công ty, kỹ năng" and a dropdown menu for "Ngành học". On the right side of the header, there is a search bar with placeholder text "Tim kiếm..." and a button labeled "Tim kiếm". The main content area displays a list of job opportunities under the heading "5 Việc làm phù hợp". Each listing includes the company logo, company name, position title, location, application deadline, salary, and number of positions available. To the right of the job list, there is a sidebar titled "FPTU CAREER CENTER" which includes a brief description: "Chuyên trang thông tin việc làm dành riêng cho sinh viên Trường Đại học FPT". The sidebar also features logos for QS STARS, FPT Education, and ĐẠI HỌC FPT, along with a "we're HIRING" banner and a "Join Our Team" call-to-action.

## 2.10.18 UC17 - Contact for job postings

### 2.10.18.1 Screen Design

The screenshot shows the official website of FPT University (Đại học FPT). The header includes links for TRANG CHỦ, GIỚI THIỆU, TIN HOẠT ĐỘNG, HỌC KÝ TẠI DOANH NGHIỆP (OJT), CƠ HỘI NGHỀ NGHIỆP, CLB CỰU SINH VIÊN, HỒ SƠ UNG VIÊN, and LIÊN HỆ. The main content area features the QS STARS logo and the FPT Education logo. A search bar with placeholder "Tim công việc ..." and a "Tim kiếm" button is visible. Below the search bar, there are three contact options: "NHẮN CHO CHÚNG TÔI" (Send message) with "Trò chuyện trực tuyến!", "GỌI CHO CHÚNG TÔI" (Call us) with "0934-177-713", and "EMAIL CHO CHÚNG TÔI" (Email us) with "qhdn.fuhcm@fe.edu.vn". The central part of the page displays a large orange form titled "ĐỂ LẠI THÔNG TIN CHO CHÚNG TÔI" (Leave us information). The form asks users to complete a survey about job postings. It includes fields for "Họ và tên người liên hệ\*" (Name), "Email\*", "Số điện thoại\*" (Phone number), "Nội dung liên hệ\*" (Content), and "Tiêu đề\*". A dropdown menu in the "Nội dung liên hệ\*" field shows "Đảng tin tuyển dụng" (Recruitment news). A small orange speech bubble icon is located in the bottom right corner of the form area.

## 2.10.20 UC19 - Suggestion box

### 2.10.20.1 Screen Design

The screenshot shows the official website of FPT University (www.fpt.edu.vn). The top navigation bar includes links for Home, About, Activities, Internships, Jobs, Alumni Club, and Contact. The main header features the QS STARS rating and the FPT Education logo. Below the header, there are three contact options: live chat, phone number (0934-177-713), and email (qhdn.fuhcm@fe.edu.vn). The central content area is titled 'ĐỂ LẠI THÔNG TIN CHO CHÚNG TÔI' (Leave us your information) and contains a form with fields for Name, Email, Phone Number, and Message. A note at the top of the form says: 'Vui lòng hoàn tất biểu mẫu này. Chúng tôi sẽ liên hệ bạn trong thời gian sớm nhất có thể!' (Please complete this form. We will contact you as soon as possible!).

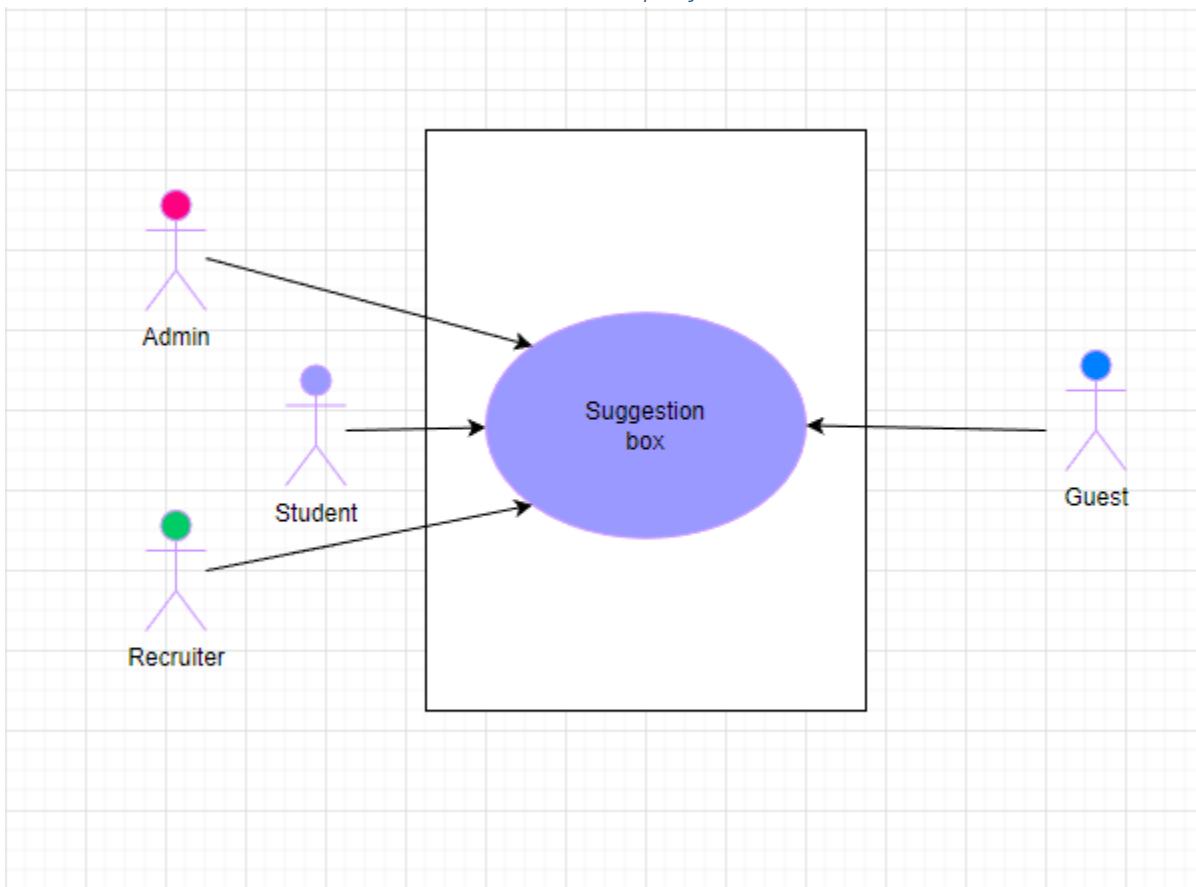

The screenshot shows a web page for 'ĐẠI HỌC FPT' (FPT University). At the top, there are logos for QS STARS RATED FOR EXCELLENCE 2012 and FPT Education. The main navigation menu includes links for TRANG CHỦ, GIỚI THIỆU, TIN HOẠT ĐỘNG, HỌC KÝ TẠI DOANH NGHIỆP (OJT), CỘ HỘI NGÀỀ NGHIỆP, CLB CỰU SINH VIÊN, HỒ SƠ ỨNG VIÊN, and LIÊN HỆ. A search bar with a placeholder 'Tim công việc ...' and a 'Tim kiếm' button is also present. The main content area features a large orange box containing a 'Hộp thư góp ý' (Suggestion Box) with a dropdown menu, a text area labeled 'Nội dung góp ý' (Content of suggestion), and a blue 'GỬI THÔNG TIN' (Send Information) button. Below this, a footer section displays contact information: SỐ ĐIỆN THOẠI (0934-177-713), EMAIL (qhdn.fuhcm@fe.edu.vn), ĐỊA CHỈ (Lô E2a-7, Đường D1 Khu Công nghệ cao, P. Long Thạnh Mỹ, Q. 9, TP. Hồ Chí Minh), and MẠNG XÃ HỘI (links to Instagram, Facebook, Twitter, and Pinterest). A small orange circular icon with a white speech bubble is located on the right side of the footer.

## 2.10.24 UC23 - Admin manage recruiters

### 2.10.24.1 Screen Design

The screenshot shows a web-based application interface for managing recruiters. At the top, there is a header bar with the FPT University logo and a search bar. On the left, a sidebar menu includes links for Home, Management, Student & Recruiter (selected), and Feedback & News. The main content area displays a table titled "List Recruiter" under "FPT University". The table has columns for ID Recruiter, Name Recruiter, Image, Email, and Website. Each row contains a set of five columns with data for a specific recruiter, followed by "Edit" and "Delete" buttons. The data in the table is as follows:

ID Recruiter	Name Recruiter	Image	Email	Website
RE111111	Nguyễn Quốc Sỹ		recruiterne@gmail.com	recruiter.com
RE222222	Ngô Xuân Thiệp		recruiterne@gmail.com	recruiter.com
RE333333	Nguyễn Trọng Nguyễn Vũ		recruiterne@gmail.com	recruiter.com
RE444444	Đoàn Vũ Quang Huy		recruiterne@gmail.com	recruiter.com
RE555555	Nguyễn Thành Tùng		recruiterne@gmail.com	recruiter.com

### 3.3 Non-Functional Requirements Specification

#### 3.3.1 External Interface Requirements

##### 3.3.1.1 Hardware Interface

- Any web browsers available now: Chrome, Firefox, Coc Coc, Ie.
- Internet
- Device that can connect website

##### 3.3.1.2 Software Interface

ID	Software Used	Description
1	OS	Any OS available now
2	HTML, CSS	Javascript library to build front-end
3	NodeJs, ExpressJs, Java	Build backend

##### 3.2.1.3 Communications Interface

This project supports all types of web browsers.

The communication between the different parts of the web is important since they depend on each other. However, in what way the communication is achieved is not important for the web and is therefore handled by the underlying operating systems for the web portal

ĐẠI HỌC FPT

### 3.3.2 Other Nonfunctional Requirements

#### 3.3.2.1 Safety Requirements

If there is extensive damage to a wide portion of the database due to catastrophic failure, such as a disk crash, the recovery method restores a past copy of the database that was backed up to archival storage (typically tape) and reconstructs a more current state by reapplying or redoing the operations of committed transactions from the backed up log, up to the time of failure.

#### 3.3.2.2 Performance Requirements

Any response must be within 2 seconds or less

After press any button, there're always respond within 1 seconds (loading process, save success, etc)

#### 3.3.2.3 Security Requirements

No user's information, properties loss, insult from thirds party for bad behaviors

## External Interface Requirements
